

Laundry Savior

Chores made easy.

Problem

Washing machines are always occupied in the dormitory. Some users may be late to collect their laundry.

Solution

Laundry Savior provide a dashboard to check availability of the washing machine, and remind users to collect laundry immediately as well as allow e-payment during the laundry.

— Key Features —

Dashboard

Check the status of machines without leaving your room!

Notification

Get notified immediately when any machine's available!

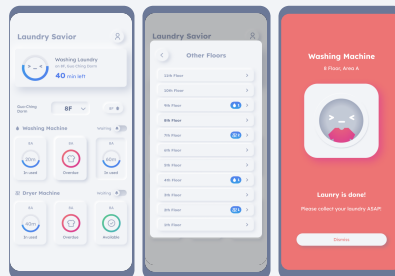

E-Payment

Pay with mobile. No more looking for coins!
